*For packages 1–3, A and X, organizations of public cultural programs or projects (associations or institutes or other organizations in the public interest, other public institutes in the field of culture, and the City of Ljubljana), or users implementing projects in the public interest, are eligible. The revenues from the aforementioned packages belong to the public service activity.*

*For Package 4, organisations that use the premises for congresses, similar public events of a non-commercial character, and public cultural events, are eligible. The aforementioned package includes public cultural events that are in the programmatic interest of Kino Šiška, with the expectation that the event will be financially covered by an external organizer. The revenues from the aforementioned package belong to the public service activity.*

*The **Delux** packages apply to private events or events of a commercial nature and include production assistance. Revenues from the aforementioned package belong to marketing activities.*

The package prices include:

- use of the venue (stage and hall with other accompanying and auxiliary spaces: dressing room with toilet and shower for performers, and lobby, apart from the hospitality and gallery area), and use of technical equipment;
- the work of 2–4 technicians (light operator, sound engineer, supervisor/assistant, and on-call);
- the work of the cleaning lady on duty and hostess service for visitors' coat check;
- operating costs: heating, water, electricity, communal services, telephone and internet, postal services, depreciation, building and equipment maintenance, banking, legal and accounting services, etc.

The director general of the institute can grant a discount on the amount of co-organisation up to a maximum of 50% of the price in cases where it concerns the implementation of a cultural program in the public interest, a charity event, or a

concluded agreement on business cooperation. The discount is defined and evaluated in the event contract.

Prices are comparable to market prices for theatres / concert venues of comparable size and with a comparable number of seats or stands for visitors.

### **III. RENT OF MOVABLE ASSETS FOR USE AND RENT**

Kino Šiška can rent out the movable assets it manages for use (cultural providers from Article 75 of the Exercising of the Public Interest in Culture Act) with compensation by the user in the amount of actual additional costs (loan contract) or for rent to other providers according to the price list in the appendix (rental contract). The price lists are attached to this price list.

The price lists are proposed by the director general of the institute, Tibor Mihelič Syed.

Signed:

The price list was adopted at the 13<sup>th</sup> session of the Council of the Institute on 16 December 2025 and is valid from 1 January 2026 onwards.

*Attachments:*

## **PRICE LIST FOR RENTAL OF MOVABLE ASSETS – CULTURAL PROVIDERS**

### **(Article 75 of the Exercising of the Public Interest in Culture Act)**

The Exercising of the Public Interest in Culture Act (ZUJIK) (Official Journal of the Republic of Slovenia, no. 96/02 and subsequent) determines the following regarding cultural providers:

#### *Article 73*

*(management of public cultural infrastructure by a public institution)*

*The founding act of a public institution in the field of culture shall specify the real estate and equipment which, as part of the public cultural infrastructure, are managed by the public institution in the exercise of the activity for which it was founded.*

*A local community or the state can entrust a part of the public cultural infrastructure to be managed by a public institution in the field of culture with a contract without a public tender, if this ensures the most rational use of the public cultural infrastructure.*

*The public institution is obliged to ensure the full exploitation of the public cultural infrastructure under the preceding paragraph. In offering free capacity (unused premises), priority shall be given to cultural providers of public cultural programmes or cultural projects which are compatible with the area of work of the public institution.*

#### *Article 74*

*(management and use of public cultural infrastructure by other cultural providers)*

*The ministry responsible for culture or the competent body of the local community shall offer the use or management of public cultural infrastructure to other legal persons and individuals providing public cultural programmes or cultural projects on the basis of a public call for applications by means of the contract under Article 93 of this Act.*

*Notwithstanding the preceding paragraph, the use or management of public cultural infrastructure may be offered to an organisation working in the public interest (Article 80 of this Act) without a public call for applications.*

#### *Article 75*

*(obligations of managers or users of public cultural infrastructure)*

*Public cultural infrastructure shall be ceded gratuitously to providers of cultural activities on the condition that they take over the obligation of regular running maintenance.*

*If the manager or user of public cultural infrastructure offers this infrastructure or part of it to other providers of public cultural programmes or cultural projects, he may only claim from them compensation equal to the actual additional costs incurred as*

*part of this process.*

**In accordance with Article 75 of ZUJIK, in the event of free capacity, i.e. in the event that Kino Šiška does not need the movable assets for the implementation of its program, or the individual movable asset is not rented according to market conditions, Kino Šiška's movable assets can also be rented to cultural organisations for the implementation of cultural programs or cultural projects, with the organisations only paying compensation in the amount of the actual additional costs arising from the rental of movable assets.**

Actual costs include for example:

- technical personnel fees;
- fuel;
- van hire;
- mileage;
- per diems and accommodation;
- equipment wear and tear – depreciation.

An estimate of the actual additional costs is prepared upon obtaining a specific request from the cultural provider, and the final calculation of the actual additional costs is made after the completion of the order. All external costs are covered by the cultural provider directly to the subcontractor with whom the provider concludes agreements.
